how your support  
makes a difference

My mom and I are so grateful for Easter Seals and what they have helped me achieve. I am so excited for all the years of fun, learning and growing to come, with Easter Seals by my side.

## Maggie's future

In the warm embrace of Easter Seals

My name is Maggie Costello, and I am 2 years old. I am funny, playful, energetic and smart, and these days I am go, go, go!

When I was 7 months old, I was diagnosed with Cerebral Palsy, Epilepsy, and Cortical Visual Impairment -- but my mom and I don't let it stop me! I have a lot of awesome people on my side, such as PT, OT, SLP, neurology, orthopedics ... and Easter Seals!

**I take part in their swim therapy and music therapy, and I love it!**

My mom says that once I started taking part in them, over a year ago, she could see changes in my attention span, fine and gross motor skills, turn-taking and vocalizing. I had a lot of fun playing piano at the Year End Music Recital, and when I am in the pool, it is so exciting. We have been to the Easter Seals Family Camp, it was so much fun, and I got to take part in different activities, like canoeing! My mom loved meeting other parents, whose kids take part in Easter Seals programs too. We can't wait to go again this July! I have also gone to the Easter Seals Christmas and Halloween parties. They are so much fun.

My mom and I are so grateful for Easter Seals and what they have helped me achieve. I am so excited for all the years of fun, learning and growing to come, with Easter Seals by my side.
